**To Whom It May Concern:**

We had Liberty Exteriors repair and partially replace the roof and steeple of our church last summer. The salesman worked with our insurance adjuster and was able to take the worry and the stress of dealing with the insurance company away from us. We felt that the salesman was very knowledgeable and able to answer all questions to our satisfaction. Our church was particularly happy with the fact that Liberty was willing to go the extra mile and work around our busy schedule of events, so it was necessary for them to be done and clean up every day before people would arrive for these events. Their roofers did a wonderful job and our church looks absolutely beautiful.

We are very happy to refer Liberty Exteriors to any one who needs a new roof. Their staff provides knowledgeable, professional, and friendly service.

Sincerely Yours,  
South Isanti Baptist Church
