Brady & Jeff-

Just wanted to take a minute and let you know how much we appreciate the tremendous support you have given our football program. The financial commitment you made to our team was an extremely generous gesture, and I want you to know how much it means to all of us.

Part of the money was used to pay salaries for our two "volunteer coaches". Because of budget cuts, we have lost several coaching positions over the past several years. These gentlemen have continued to work with us with no expectation of compensation, but thanks to your generosity we were able to provide them with a stipend this year. One of them had a son get married over the holidays, and the other has recently started his own business, so I know they both had plenty of good uses for the money!

The rest of the money from your donation will be used to help buy new uniforms. This is another area that has been cut by the school district in recent years, so now we have to do fundraising for our uniforms. We need both home and away uniforms, and that is easily the biggest expense we have in our program. Normally we would have designated our jersey auction money for that purpose, but of course this year we had already committed that money to fight cancer. We thought we would have to wait another year to begin purchasing new uniforms, but because of your donation we will be able to have the black set for next fall.

I know our players will be very thankful to Liberty when they put on their new black uniforms next fall, and each time we take the field we will be reminded of your generous support.

Thanks again for all that you have done for our football program, thanks for being great members of our community, and on a personal note, thanks for the help you gave me in getting my roof replaced. I am extremely pleased with the work that was performed and the commitment to quality and service that both of you have demonstrated.

Thanks!
Delwyn
